

FIRST ASSEMBLY LEAGUE OF NATIONS CONVENED

Wrangel Defeated: Sebastopol Falls

MOONSHINERS GET MAXIMUM PENALTY HERE

Judge Crabtree 'Soaks' Fino and Vlad in County Court.

Sam Fino and Joseph Vlad were taken into the county court Saturday afternoon upon information filed by State's Attorney William Leech and pleaded guilty to the sale and manufacture of liquor in prohibition territory. Fino on the witness stand told how the whiskey was made, and that the total sales had amounted to possibly 15 gallons of the finished product, for which he received \$22 a gallon.

Apparent reluctance on the part of the federal officers to prosecute the parties after the raid had been made and the still and mash taken, led to the action Saturday afternoon. After returning from Preport where warrants were sworn out for Mike and Sophie Fino Friday evening, Sheriff Schoenholtz notified Mayor Smith of the federal court action. The mayor was insistent that all parties taken in the raid be punished and when State's Attorney Leech was notified of the conditions, he assured the sheriff and mayor that the maximum penalty would be recommended.

Got Maximum Penalty.

After the testimony had been taken, State's Attorney Leech called the attention of the court to the seriousness of the offenses and the fight to eliminate these places in this vicinity. He closed his remarks by recommending that the maximum penalty as prescribed by law be imposed in both cases.

Judge John B. Crabtree informed the prisoners that they were entitled to no immunity, even though they had come into court and pleaded guilty to the charges and imposed the maximum penalty in the cases of both Sam Fino and Joseph Vlad, which amounted to a fine of \$500 and costs and 60 days in the county jail for each of the prisoners, and he concluded by advising them to leave this community when their sentences have been served.

Fino undoubtedly expected leniency by coming into the county court on information filed by the state's attorney. Before telling his story he expressed an unwillingness to face a federal investigation and chose to have his case disposed of in the county court if possible. After sentence had been imposed he changed his mind and expressed his desire to have the federal authorities at Freeport try his case. At the conclusion of his sentence in Lee county, he may have an opportunity of going to Freeport to be tried by the federal officials.

This is the first time since the enactment of the search and seizure law a Illinois that a prisoner in the county court of Lee county has been required to pay the maximum penalty. Judge Crabtree informed the prisoners that the maximum sentence would be imposed in all future cases until these places were wiped out in this community.

To Federal Court.

United States Marshall Gallagher of Freeport came to Dixon Saturday evening with federal warrants and returned with Mike and Sophie Fino in his custody. They will be tried before the federal commissioner for manufacturing and selling liquor in prohibition territory.

Sheriff Schoenholtz announced this morning that information would be filed against Sam Fino and Joseph Vlad, who are now serving sentences in the county jail, and at the conclusion of their local sentence and upon payment of the fines, they will also be taken to Freeport and turned over to the federal authorities, both having admitted to the manufacture and sale of liquor.

Mrs. Long Funeral Largely Attended

The funeral of Mrs. Charles H. Long held Sunday afternoon at 2:30 o'clock, was one of the largest ever held in St. Paul's Lutheran church, every seat in the auditorium being occupied by friends of the departed woman who gathered to pay tribute to her memory. The sermon was delivered by Rev. Lloyd Walter, pastor and special quartet numbers were given by Messrs. E. M. Goodsell and L. C. Johnson and William Frye and George McWethy. Burial was at Oakwood cemetery.

Albert A. Ward, of Chicago, spent Sunday in Dixon with friends.

SOVIET FORCES TOOK ILL-FATED CITY LAST EVE

100,000 Refugees Are Left Behind—Gen. Wrangel Safe.

By Associated Press Leased Wire

Paris, Nov. 15.—Sebastopol has fallen, the Russian Bolsheviks having occupied the city last night, according to unofficial information received by the French foreign office.

The Bolsheviks are reported to be masters of the whole Crimean peninsula. General Wrangel, members of his staff and M. Martel, French high commander at Sebastopol were taken on board the French warship Waldeck Rousseau and are expected to arrive in Constantinople late tonight or tomorrow.

The foreign office's information regarding Sebastopol came through the usual unofficial diplomatic channels. Official confirmation of the news is not expected by the foreign office until M. Martel reaches Constantinople. It was conceded, however, that the whole of the Crimea must be given up as lost by the Wrangel forces.

100,000 Left Behind.

The Waldeck-Rousseau and the other French and the American and British ships at Sebastopol did not leave that port until the Bolsheviks were within the walls of the city. These ships according to the foreign offices were loaded to capacity with refugees and the remnants of General Wrangel's troops. Many refugees, however, were left behind, and these, it was said, probably numbered 100,000.

The fate of these refugees is causing great anxiety, as the American relief organization also has left the Crimea. The majority of the refugees have been dependent upon the American relief workers for their sustenance and the hope was expressed that means might be devised by (Continued on Page 2)

PARTS OF NAVY PLANE FOUND; MEN MISSING

No Doubt That Crew of Plane Met Death in Lake.

Chicago, Nov. 15.—Pieces of wreckage of the flying boat HSZL, mute evidence of the fate of the three naval aviators who left Great Lakes last Wednesday morning, were picked up by a beach patrol from the White Lake coast guard station Saturday afternoon six miles from Whitehall, Mich.

No clothing was found, but two cushions that had floated ashore were lying high on the beach.

It is now almost a certainty that the men lost their lives Wednesday night in the terrific seventy mile northwester, which tore the plane to pieces and carried the wreckage all the way across Lake Michigan from the Wisconsin shore.

Trein Purchased Dodge Building

William E. Trein on Saturday purchased from S. S. Dodge, the building at the corner of First street and Hennepin Ave., which he has so long occupied with his jewelry store; and he has commissioned Architect Dunnington to prepare plans for an elaborate ornamental front to be erected as soon as possible. With a decorative front, Mr. Trein's store, with its handsome show cases and furniture, will be one of the most attractive in northern Illinois.

RESCUING CREW STORM-WRECKED MICHIGAN LINER

Captain Made Thrill- ing Trip in Open Boat for Aid.

BULLETIN.

By Associated Press Leased Wire

Superior, Wis., Nov. 15.—Half the crew of the Becker line steel liner, Francis J. Widlar, has been taken off the vessel which is wrecked on Pancake Shoals on the north of Lake Superior just outside of Whitefish bay, according to word received early today by Superior agents of the line.

The remainder of the crew will be taken off during the day, according to this message.

The Widlar left the Allant dock, Superior, Thursday, at 3 a. m., with a cargo of iron ore for Ashtabula, O.

BULLETIN.

By Associated Press Leased Wire

Cleveland, Nov. 15.—The Becker steamship company, owners of the steamer, Francis Widlar, this morning received a wireless from Captain Forbes, master of the steamer, that the tug C. E. Ainsworth had taken part of the crew off the Widlar and would return for the remainder of the crew this afternoon.

By Associated Press Leased Wire

Sault Ste. Marie, Mich., Nov. 15.—The Great Lakes Towing company tug Iowa was fighting its way early today through the storm tossed waters of Lake Superior Pancake Shoals, bent upon rescuing a part of the crew of the Becker line steel freighter, Francis J. Widlar that was dashed upon the shoals and wrecked during one of the most severe storms in the lake's history.

Captain Arthur Forbes of Ashtabula, Ohio, in command of the stricken vessel, probably accompanied by some members of the crew, was picked up last night by the steamer, Livingstone.

Captain Forbes, who is said to have fought his way to the channel in a small boat in order to notify the world of the plight of his crew, sent a wireless message for aid immediately upon boarding the Livingstone. He asked that life savers from Crisp Point go to the rescue of the men left on his stranded ship. Captain Forbes, in his message, made no mention of loss of life.

Had Crew of 33.

Captain Forbes' message was the first word received as to the fate of the steamer, that had been more than 72 hours overdue at this port. The vessel carried a crew of 33 men.

First intimation of the Widlar's fate was received here Saturday night, when Captain Eriksson reported that the steamer John Eriksson drifting helplessly upon the shoals during the storm. Twenty-four hours of anxiety followed, during which all attempts to learn of the ship's fate failed.

The tug Iowa put out yesterday afternoon for Pancake Shoals, located ten miles northeast of Whitefish Bay, and several miles of the course of lake steamers.

Demolition Complete.

Wireless reports last night showed the Iowa standing alongside the Livingstone after Captain Forbes had been taken aboard. The Iowa later received instructions to seek aid of the received instructions to seek aid of the life savers at Whitefish point if the tug was unable to remove the remainder of the Widlar's crew.

Captain Forbes' message emphasized that the demolishing of the Widlar was complete.

Due to lack of telephone and telegraph facilities the Crisp Point life savers could not be notified of the Widlar crew's plight last night.

ASSEMBLY OF LEAGUE OF NATIONS

SITE FOR LEE TUBERCULOSIS COLONY BOUGHT

Directors Buy Ground East of Dixon City Limits.

The board of directors of the Lee county sanitarium have closed negotiations for the purchase of a site for the proposed sanitarium. After several weeks search for a suitable site the directors last week purchased from William H. Hink approximately eleven acres of land lying east of Dixon, at a consideration of \$4,075. The purchase of this site is subject to the approval of the county board of supervisors at their meeting in December.

The site selected by the directors lies just east of the city limits, facing East River street on the north and Ravine avenue on the west. The south line of the property extends back to a line with East Second street. The location is ideal in its natural arrangement. The tract of land is high, affording perfect sanitation and with a paved street along the north line where the main entrance will doubtless be located. This will be of great convenience to physicians having patients at the sanitarium as well as the public.

The directors have spent a great deal of time and energy in carrying out their duties, which require the selection of a site, and when this has been approved by the board of supervisors, the erection of cottages to accommodate patients; a number of whom are now waiting to be admitted and receive treatment, will begin.

Italians Pleased with Slavia Pact

By Associated Press Leased Wire

Rome, Nov. 15.—Italian newspapers with the exception of nationalist organs, declare that nearly all the people of Italy have greeted the agreement between this country and Jugoslavia relative to the Adriatic with relief. Although it is painful to Italians to renounce Italian Dalmatia, the peace concluded is viewed as not being humiliating, but dignified and victorious.

Fiume, Nov. 15.—Occupation by forces belonging to the Fiuman republic government under Gabriele D'Annunzio of one of the zones under discussion in the recent Adriatic negotiations between Italy and Jugoslavia is announced in an official statement issued today by the D'Annunzio staff.

HARDING'S VACATION IN TEXAS BROKEN UP BY TERRIFIC STORM

President - elect to Try Again Today to Get Away.

By Associated Press Leased Wire

Point Isabel, Texas, Nov. 15.—His vacation broken up and roadways to the outside world temporarily blocked by one of the worst storms in the history of this section of the Gulf coast, President-elect Harding planned to make another attempt today to get into Brownsville to spend in comfort the remaining two days visit in Texas. He already had prepared to leave the frail seaside cottage that has housed him through three days of wind and cold but his effort to get away came to grief when his special train, narrow gauge and gasoline propelled, broke down just outside of Point Isabel. After a dismal four hours on the wind swept prairie he retired here after dark last night. His train was held for another try about noon today. This offered his only avenue of departure for the wagon roads were impassable to automobiles.

In Brownsville, Mr. Harding is to meet Senator Fall of Texas who was chairman of the sub-committee on Mexican affairs and they are expected to talk over border conditions. Members of the President-elect's party say there is no special significance in the meeting, however. During the morning Senator Harding did some more work on the speech he is to deliver next Thursday at New Orleans, just before he sails on a voyage to Panama. He has not indicated what subjects he will discuss, but the economic possibilities of the south are expected generally to be a feature of the address and it would not surprise some of those near him if he took particular notice of recent developments in the general financial situation. It is known that he has watched stock market fluctuations with unusual interest and is making a study of a possible remedy for threatening economic tendencies.

HUNT FOR CLUE IN SLAYING OF TWO ACTRESSES

Bodies Found Sunday Morning Near Lake Front.

By Associated Press Leased Wire

Chicago, Nov. 15.—Two young and pretty actresses are lying today in the morgue while police search for clues to their mysterious death early yesterday in Grant Park within a few hundred feet of the skyscrapers lining Michigan boulevard. The girls died under circumstances that indicate murder.

A mysterious telephone call notified police in mid-morning yesterday that the bodies were lying on the lake front 50 feet from the Chicago Yacht club, at the foot of Jackson boulevard. The call was traced to an insurance office on the fourteenth floor of an office building six blocks from the lake front.

At the foot of the outer driveway along the lake the bodies were found just as the mysterious informant had said. The bodies were bruised and covered with blood.

James Meeks and Robert McCarthy, employees of a theatrical company playing here identified the bodies as Miss Marie Alma Ramey, a stock show player and vaudeville actress; and Miss Lillian Thompson, said to be the daughter of John Thompson, chief engineer of the New York Hippodrome. Meeks, McCarthy and the girls had an apartment on the North Side.

The two women left the apartment at 9 o'clock Saturday night and visited an Italian grocery a few blocks away. Police were unable to find anyone who saw them between 9 o'clock Saturday night and 9 o'clock Sunday when the bodies were found.

Miss Ramey, whose real name is said to be Mary Rhodes, was born in Altoona, Pa. She was married to Jim McCauley, an actor, five years ago. Miss Thompson married Joseph McAree, an electrician, in Wheeling, W. Va., Sept. 19, 1919.

DELEGATES OF 41 NATIONS IN SESSION TODAY

Hope to Lay Founda- tion of League Per- manently.

BULLETIN.

By Associated Press Leased Wire

Geneva, Nov. 15.—(Havas.)—Paul Hymans of Belgium was elected president of the League of Nations by the assembly of the League at its first session here today. He received 35 out of 41 votes. M. Hymans is a former foreign minister of Belgium and head of the Belgian delegation in the assembly of the league.

BULLETIN.

By Associated Press Leased Wire

Geneva, Nov. 15.—(By Associated Press.)—Opening of the first assembly of the League of Nations was announced at 11 o'clock this morning by the ringing of all the church bells in Geneva.

Just before that hour, a procession made up of Swiss officials marched from the city hall to the hall of the Reformation where the delegates were assembling for the session. The paraders marched through streets bedecked with the flags of virtually all the nations of the world with the exception of Germany, Austria and Turkey. Never before in the history of the world, it is believed, had the flags of so many nations flown together.

Only a few American flags were noted among the colors displayed. The Swiss national and cantonal ensigns predominated in the decorations.

By Associated Press Leased Wire

Geneva, Nov. 15.—Determined to meet intricate problems in world affairs and lay firmly the foundation stones of the League of Nations was evident in the demeanor of delegates of forty-one countries when they convened here today for the first session of the assembly of the league.

Although differences of opinion have already arisen relative to the Danzig question the makeup of the commission on mandates, the protection of racial and religious minorities in Balkan states and the admission of Germany to the league with some of her former allies, there was today an evident disposition on the part of all the delegates to meet every situation with fairness and open mind and to endeavor to reach decisions which would be acceptable.

Prominent Men There

Men who have been long prominent in the arena of world politics were present when Paul Hymans, temporary president and former Belgian foreign minister, appeared on the platform of the Hall of the Reformation and called the meeting to order. A. J. Balfour, head of the British delegation was not able to be present, but there were in the hall a number of men whose names have become well known to the reading public during the last few years. Among them were Tommaso Tittoni of Italy; Leon Bourgeois, and Rene Viviani of France; Viscount Kikupjiro Ishii and Baron Kishiro Matsui of Japan and Jose (Continued on Page 2)

Search for Robbers of C., B. & Q. Mail

By Associated Press Leased Wire

Council Bluffs, Ia., Nov. 15.—Post-office inspectors at noon today admitted the arrest of Mel Phillips, 29, employed as a mail sorter in the railway mail service with headquarters here in connection with the mail car robbery here Saturday night, and also that he had made a confession to having a part in the robbery. He implicated two other men, it was stated.

According to the same authority, young Phillips said that he was riding on the engine tender at the time of the robbery, and was acting as a lookout; that he knew of the plans but did not participate in the actual robbery further than this.

One federal officer said the loss might prove to be one of the largest of its kind in this section, but on the other hand have been comparatively small. An estimate, however, was impossible to make, federal officials pointed out until shippers of the mail reported what the stolen bags contained. A check up with them was being made.

By Associated Press Leased Wire

Council Bluffs, Ia., Nov. 15.—Postal authorities continued today their search for the men who robbed mail train No. 8 of the Chicago, Burlington & Quincy here Saturday night of eight or nine mail pouches containing registered mail. They are reported to have questioned a number of men but have not as yet placed any of them under formal arrest.

Postal officials here have been unable, so far, to estimate the amount of lost taken. The train was bound from Omaha to Chicago.

NOTHING NEW IN STATE BANK AFFAIRS TODAY.

Will Be Several Days Before Receiver Is Named.

There are no new developments in the Union State bank case, Miller Weir, Consulting Bank Examiner from the state auditor's office, told the Telegraph today that the examination of the books of the institution, which was closed up Friday morning, is proceeding as rapidly as possible, but that from present indications most of this week will be required for the force of examiners to complete their work.

Mr. Weir said that he anticipated that it would be a matter of a number of days before the case would be in such shape that a receiver could be appointed. The state official was still optimistic regarding the financial condition of the bank, which he regards as solvent, with depositors' interests safe.

Bankruptcy Hearing

On Tuesday, Nov. 23 at 10 a. m. will be held the first meeting of the creditors of E. J. Countryman and E. M. Detweiler, bankrupts. The meeting will be held in the office of Henry S. Today's Market Report

Wheat Stronger; Other Grains Sag

By Associated Press Leased Wire

Chicago, Nov. 15.—Rising on the part of houses with export connections had a bullish effect today on the wheat market. Attention was also to the fact that the end of the navigation is only three weeks off and that declines of late have been most severe since the reconstruction period after the Civil war. Besides, rural advisers continue to indicate refusals of farmers to sell. Opening quotations which ranged from 4c decline to 1 1/2c advance, with Dec. 1 1/2 to 1 1/4 and March 1 1/2 to 1 1/4, were followed by many rapid changes but an average moderately above Saturday's finish.

The Bolshevik successes in southern Russia had more or less of a strengthening influence on the market later, as it was surmised that there would be no exports of grain from Russia from now on. The close was firm, 3 1/2 too 5 1/2 net higher with Dec. 1 1/2 to 1 1/4 and March 1 1/2 to 1 1/4.

Corn and oats were under aggressive selling pressure, and both touched the lowest prices yet this season. Wheat strength, however, led to rallies. Corn opened unchanged to one cent lower with Dec. 7 1/2 to 7 1/4 and under a decided general sag before beginning to recover.

Oats, which started at 53c decline to 54c up, May 53 1/2 to 53 1/4, weakened all around and then reacted somewhat.

Returns in the value of hogs tended to give firmness to provisions. Country offerings of corn were light and husking returns disappointing. Prices closed firm, at the same as Saturday finish to 5c higher with Dec. at 75c to 74c.

M. E. MISSIONARY SOCIETY—

The Women's Home Missionary society of the Methodist church held a pleasant meeting on Thursday afternoon with Mrs. Alice Anderson.

It was a well attended meeting, forty-three being present. Three new members were taken into the society on Thursday. Reverend Victor Thrall of the Methodist church led the devotionals. The regular business meeting followed, then the program of the afternoon was given as follows:

Mrs. Hintz, the Mite Box secretary, gave some interesting demonstrations of uses for the mite box.

Miss Morgan gave the lesson study a chapter on "Economics."

Mrs. A. D. George gave a double vocal number which gave much pleasure to all.

Mrs. C. H. Meyers, of Boyd street, who was the delegate from the Rock River Conference to the National meeting of the Board of Managers of the W. H. M. S. of the Methodist Episcopal church, held in the First Church of St. Paul, October 20-27, then gave her report which was most entertaining and replete with good thoughts.

After Mrs. Meyers' report Mrs. Leydig gave an interesting reading, entitled, "Our Native Land," which she read as Mrs. Blake Grover played "Till We Meet Again," most expressively. After the program the committee served dainty refreshments during the pleasant social hour.

Mrs. Meyers' interesting report follows:

The National meeting of the Board of Managers of the W. H. M. S. of the Methodist Episcopal church was held in the First Church of St. Paul, October 20-27.

At all large railroad centers waited the most magnificent of their trains, to carry delegates from every state in the Union and Alaska and islands of the sea, wherever Old Glory is flung to the breeze.

A common remark among other travelers was "Oh, You came on the Missionary Train!"

The depot at St. Paul was filled with delegates on Wednesday, women everywhere calling cheery greetings after a year's separation. Several men stood in the background, looking utterly bewildered. The bright green lawns, the smart thunder showers, the balmy springlike atmosphere, which Bishop Mitchell said was evidently prepared especially for those not used to the rigors of their northern climate, together with the cordial welcome given by Attorney General Hilton, Mayors Hodgson, and local W. H. M. S. officers, immediately created a warm fellowship, beautifully expressed by Mrs. W. M. Ward, of Detroit: "We shall return your cordiality not only by thanksgiving, but by thanksgiving as well."

The largest delegations came from states farthest from St. Paul.

Rock River Conference sent sixteen. Included in its list were two of the national workers, recording secretary and field worker, conference president, secretaries of Young People and Children, the corresponding secretary, who was appointed chairman of the National Auditing Committee, presidents of district auxiliaries, Queen Esther Circles and visitors.

A solemn hush, breathing the very essence of prayer, filled the room, as the great audience of over one thousand settled into its respective positions at the soft tap of the gavel in the hand of the president, Mrs. W. P. Thirkield, wife of Bishop Thirkield of Mexico, and as she led in the devotional hour, the deep attitude of prayer which reached every heart was the wonderful blessing which sent each one through the week and to her far-away home breathing the old, old prayer of the society.

"Not by might, nor by power, but by my Spirit," said the Lord of Hosts. The history of the society reveals remarkable growth. Forty years of courageous effort to relieve misery and create wholesome home life among the destitute and friendless of the land has made the society a highly specialized agency of Americanization.

It has for forty years ministered to all races under the Stars and Stripes. It has taught the boys and girls to read and write and worship God. No harder and no more ambitious task was ever attempted by consecrated women than the work in Utah against polygamy and to reconstruct the thinking, the homes and practices of Mormons. It had chosen no "royal road to service."

"Today more than 4,000 Mormon missionaries, with the unlimited wealth of their great church behind them penetrate all countries, the islands of the sea and the interior of Turkey."

"They teach that the key to all governments will be eventually turned over to the Mormons."

Heber J. Grant, the president of the

church, is president of twenty-two banks, three insurance companies, numerous newspapers, the factory interests of the state, director of 65 railroads and not all are in the west.

When housewives blamed the Kaiser for the scarcity of sugar, not all knew he had a most able ally, trained by his own people in Utah. For the Mormon church controls the sugar beet industry of this nation. It also controls the Inland Crystal Salt Company, of the nation, also the largest department store in Salt Lake City, Zion's Co-operative Mercantile Institution, with branches in most of the towns of Utah and adjoining states.

The fortieth anniversary celebration is only history now. Enrolled in the society are 361,463 members. There are 2,591,504 golden dollars in the coffers of the treasury this year.

Hundred of "Mission" Marines during the forty years have "cleaned up" bad spots in America as thoroughly as the United States Marines wiped out machine gun nests in France.

\$511,519 was pledged from the floor, the largest amount ever given. It includes sewing machines for Alaska, great baking ovens, fire escapes, steam heating plants, sewer systems, 125 tons of coal, at \$45 per ton from the plant at Nome, Alaska; electric washers and hundreds of others like gifts from Homes and Schools.

Twelve Fords were pledged ere the speaker's pleas left their lips, two of which go to Peek Orphanage, Polo, Ill., and one to Cunningham Orphanage at Urbana, Ill.

With grateful hearts and a strong determination to "go over the top," on the fiftieth anniversary, the delegates separated with the advice of the secretary uppermost in their minds, "to do the same thing in the same manner at the same time."

FOR 75TH BIRTHDAY—

Mr. and Mrs. Frank Beede, of Palmyra, entertained twenty-five relatives in honor of Mrs. Beede's mother, the occasion being the 75th birthday anniversary of Mrs. J. N. Warner.

At noon a delicious scramble dinner was served to which all did full justice. The huge birthday cake in white bore pink candles, and when the candles were lit the cake presented a very attractive appearance. After the dinner the afternoon was spent in music, vocal and instrumental.

Mrs. Wilbur Emert, Mrs. Herbert Warner and Miss Beede contributed to the pleasure of all in selections given.

Those present to enjoy the happy occasion were: Mr. and Mrs. D. N. Warner and Mr. and Mrs. Wilbur Emert of Franklin Grove; Mr. and Mrs. Harry Warner and family of the Bend; Mr. and Mrs. Herbert Warner and family of Dixon; Mr. and Mrs. Frank Beede and family.

HAWK-BURCH MARRIAGE—

At noon Armistice Day, Lieut. Clarence G. Hawk and Miss Fern Burch were united in marriage at the bride's home in Ustick township. Lieutenant Hawk saw fourteen months service in Europe. Though his father, Samuel Hawk resides in Fulton, Lieut. Hawk is employed in Morrison. Miss Fern Burch was one of the genial clerks at the Brown store and is a daughter of Mr. and Mrs. L. W. Burch. A company of forty relatives and friends witnessed the ceremony.

Rev. P. R. McMahan, pastor of the Methodist church, read the beautiful ring service. A delicious wedding dinner was served after ceremony. Both young people have friends in Dixon who extend congratulations.

ENTERTAINMENT AND DANCE—

The program of the famous Chicago Magician, Herbert M. Richmond, to be given Nov. 17, in Long's hall, including mystery, magic, sleight of hand, and bushels of fun, will be followed immediately by a dance free to the audience, in which one of the interesting events will be a reward of merit to the couple doing best in old time dancing, also a similar reward to the couple winning out in the modern step. This is the only outside attraction before the holiday. The proceeds will be used for the benefit of the Harmon school.

MOLINE-YOUNG—

The marriage of Miss Harriet Louise Moline, daughter of Mr. and Mrs. J. M. Moline, of 711 East Chamberlain street, to Clark C. Young, son of Mr. and Mrs. Frank Young, of 404 East Second street, will take place early Tuesday morning, Nov. 16th. Both of these popular young people come

DAYS NEVER RETURN

"There is a fall of days as there is a fall of leaves," wrote Remy de Gourmont, French philosopher.

His logic was in this fashion: The winds of the earth flutter the trees and yellowed leaves from the trees. Some wind of the infinite tears away the days, one by one.

The leaves to the ground return and Nature takes them to her laboratory and in the winter renovates and renews them and replaces them on the twigs in the spring as fresh and as bright as ever.

Not so with the days. A day that is dead will never know resurrection. Other days will come but not the same days.

You may pray for the green leaves of summer and when they come, to your eye, to your heart and your brain they will be the same leaves that were light green, dark green and brown the year before. But when new days come your soul is never deceived.

Though they be as much alike as two carefully matched pearls, two days are never the same.

Each day that fell from your life with its ending carried away a little of you as a souvenir and that it will never return. You are older and the mate to that day will find you so and treat you so.

View with carelessness, then, the coming and the vanishing of leaves, but guard your days for what they are—bits of a never-twice-the-same gift of time from the endlessly varied reservoir of time somewhere beyond the farther star where the past is present and the present and future are blended.

FRIENDS MEXICO

It is probable, according to authoritative information from the national capital, that the United States soon will recognize the Mexican government.

There are those who profess to believe that this recognition will be of no little value to Mexico. Maybe so. But, also, there is a fine chance that it will prove of value to your Uncle Sam!

Mexico, again according to information from Washington, is expected to apply for admission to the League of Nations immediately after receiving

American recognition, which, of course will be quickly followed by recognition from European governments.

Mexico will enter on a disarmament program. Its troubles with other nations will be filed for public inspection. It will make no secret agreements, for instance, with the Japanese. It will help formulate and will obey international law. Above all, it will have emerged from revolutionary chaos and be an esteemed member of the family of nations.

ADVENTURES OF THE TWINS by Olive Roberts Barton

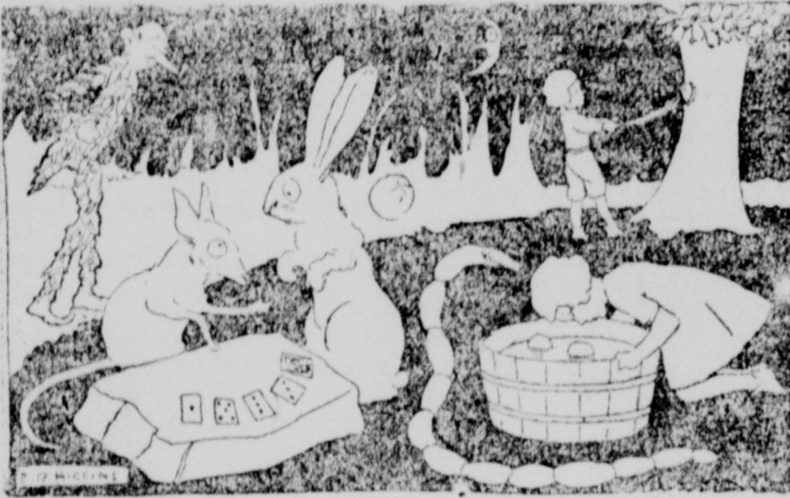

THE MUSHROOM RIDDLE.

Of course, there was dancing at Mr. Scarecrow's masquerade party, and everybody had loads of fun. Cobby Coon had a hard time, however, finding a partner. And so did Wisp Weasel and Snoopy Skunk and Marty Mink. You see, it was this way. Along in the fall when the harvesting was over and the sweet corn gone 'n all, and Farmer Smith had cooped up his chickens for the cold weather, Cobby's appetite began to bother him.

him to be gallant, before he left home, and to be sure and behave his manners. So, after thinking it all over, Flop decided that he just wouldn't. And he didn't.

But they had a good time, anyhow, even Sam Snake's boy, who had rubber bands snapped all over him, and who had come as a string of sausages. They had nut-cracking and fortunes and taffy-pulling (pulling the wild honey out of the hole in the sycamore near by) and bobbing for apples, and riddles.

Besides, you know, cold weather makes one hungry as a hunter. So it was perfectly natural, wasn't it, that Cobby, being large for his age and quite full grown, might make a mistake when he was dancing with Chip Chipmunk's sister, and absolutely mistake her for a nice juicy carrot or sweet turnip and swallow her, "hide, hair 'n all." The same with Flop Field Mouse. He was awfully afraid to ask Mrs. Owl to dance, even though his mother had reminded

him to be gallant, before he left home, and to be sure and behave his manners. So, after thinking it all over, Flop decided that he just wouldn't. And he didn't.

THE BOOK OF ANN.

ANN'S FATHER IS SHIPPED OFF, WITH MORRISON KEEPING HIM COMPANY.

It was an hour after the theft before my husband came home. I did not refer to the scene involving Katherine and her tangled tresses.

Our difference seemed petty compared to poor Jim's tragic introduction to the man his children would have to call "grar-dither."

"The detectives were unwilling to give up their catch," said Bob as he sank into one side of my hammock. The dance music came to us on the breeze and made a strange background for the story Bob had to tell.

"They were not going to deliver up such a prize to save anybody's feelings. Finally I got hold of Morrison."

"Good old Morrison! And Mr. Best—is free?"

Bob laughed rather cynically. "Well, I wouldn't say 'free.' Morrison has gone on the train with him to the seaboard, and will stay with the chap until the ship leaves the dock, too. You can bet I fixed that all right."

"For goodness sake, tell me all about it, Bob!"

"Best explained to us that he had determined to see his daughter before he took the midnight train. So he hung around her house on the chance that she would run in for something during the evening. May I smoke?"

"Of course, my dear."

"When the fireworks went off, the servants went off, too. At least Best says they deserted the place. So he walked right in the front door, and wandered from room to room, just to see the fine way his girl feathered her nest—so the fellow said. And, of course, he whimpered a good deal about being an outcast and a derelict until I told him to cut the bunk. Well, he said he knew which was Ann's room from the furniture, and he was just going around admiring the things for their artistic worth. The antique furniture interested him greatly—he's an artist, you know—and he examined it like a connoisseur, even opening the drawers to note the character of the construction. And so it was just by accident that he came upon the gold mesh bag with those darn rings."

"I'm glad it was not a premeditated theft," was all I could say.

"I guess the fellow told the truth. He said that he stuck the thing into his pocket on the impulse. I don't believe he went into Ann's house to steal, but of course, I couldn't convince the detectives of that. Best reasoned, he admitted, that nobody would suspect him of taking the rings because nobody he knew had seen him

and he would make a getaway on the midnight train, he had the tickets in his pocket—bought by me yesterday. He thought he was about the last person in the crowd here tonight that anybody would follow, and I guess he was right—only he was a little slow on the job. He was descending the stairs, nonchalantly and confidently, when the two plainclothes men stepped through the French windows from the roof of the porte-cochere."

"We can thank our lucky stars the rings were saved," I exclaimed. "It would have been simply awful to explain their loss to the girls—our most intimate friends. Some of the girls never would have stopped mourning about the loss, either."

"Neither would we—if this thing had come out," said Bob. "Poor old Jim!"

"It's a horrid, ignoble story," I said. "And an awfully queer retribution. Ann's carelessness has proved her father's undoing."

"The sins of the father hoimeranged this time," said Bob. "But thank all the gods that we didn't have a scene tonight. Not a whisper of this will get out, Morrison promised."

"Oh, lo!" la! Deborah Burns will never tell—we can trust her. But have you forgotten Katherine Miller saw the whole thing? Don't you think you'd better hunt her up and keep her from whispering the scandal to those who will spread it fastest?" I asked.

My husband's face was a puzzle. (To be continued.)

Such is Life

There may be nothing to a name, but did you notice that two of the Congressional winners were Ketcham (Mich.) and Bird (Kan.)?

In a way it was something of a victory for the workingman, witness the election of Driver (Ark.), Barbour (Cal.), Mason (Ill.), Lyer (Mo.), Taylor (N. J.) and Cooper (O.).

But the agriculturalists scored even more heavily. They should (but won't) be content with Woods (Va.), Woodyard (W. V.), Mudd (Md.), Flood (Va.), Green (Ia.), Fields (Ky.), and as though Hill (Md.) wouldn't be enough they were given Underhill (Mass.) too, and New York made the ruralists happy indeed by electing Hicks!

Kansas went from one extreme to the other by picking Little and Strong. New York sent a Fish, and three states sent Moore and another added Moores, but withal, there'll be only one Fish in the house.

Massachusetts may have the speaker, but Ohio will have Speaks.

First time in history three Blands get to Congress.

And it'll be a dry house, although it is a fact that Fuller (Ill.) has been elected.

Illinois sent a King, and the same old Cannon, to which was added Ireland—to make a scrap complete?

Pennsylvania sends a Rose.

No doubt Summers (Wash.) will arrange for better weather hereafter.

There'll be Good in the next House.

And a few smart laws ought to get through, for Georgia has contrived Wise.

And—thank goodness!—there will be one Freeman (Conn.) in Congress. If he can't insure Freedom, For All, Forever, he may pass the job to Free (Cal.), who, however, hardly can do the work as well as Frear (Wis.)

Which reminds me of that cute joke I sprang the day after the late unpleasantness (Nov. 2) It runneth as followeth:

"One congressman from Connecticut equals one from California plus one from Illinois," says I to SI.

Uncle Sam

By Uncle Sam, M. D.
Health Creations Will Be Answered If Sent to Information Bureau U. S. Public Health Service Washington, D. C.

Well persons who carry in their bodies pathogenic germs but who themselves no symptoms of disease are called carriers.

Thus typhoid carriers have typhoid bacilli in the intestinal tract, while they themselves show no symptoms of typhoid fever; diphtheria carriers have bacilli of diphtheria in the throat or nose, but have themselves no symptoms of diphtheria, and so on.

It has now been proved that many patients harbor bacteria for weeks, months, or even years following an infection, and are dangerous distributors of disease; also, some healthy individuals without a history of illness harbor living bacteria which may infect susceptible persons in the usual ways.

Transmission by healthy carriers goes far to explain the occurrence of diseases among persons who have apparently not been exposed.

This explanation has greatly clarified the whole problem of the spread of communicable diseases. Carriers, unfortunately, exist in large numbers, and render the ultimate control of disease exceedingly difficult. They can usually be identified by bacteriological tests.

To some extent they can be supervised; food handlers at least should be legally obliged to submit to physical examinations, and should be licensed only when proven free from communicable disease.

Diseases are also spread by persons suffering from them in a form so mild or so unusual that they pass unrecognized.

These persons are known as "miss-

ed" cases. Carriers of disease and "miss-

ed" cases go freely about the community handing cups, and using common drinking cups, traveling in crowded cars, standing in crowded shops; in various ways coming into close contact with other people, coughing and sneezing and kissing their friends no less often than normal individuals.

It is consequently clear that the bodily discharges of supposedly normal persons may be hardly less a menace than those of persons known to be infected.

BOTH DIXON ELEVENS ARE VICTORIOUS IN BIG GAMES

DIXON HIGH MARRED RECORD OF MENDOTA BY 27 TO 7 SCORE

High School Squad Plays Most Brilliant Game of the Season.

Playing their last game of the season on the home ground the Dixon high school football team defeated Mendota Saturday afternoon, at Brown's field by a score of 27 to 7.

Mendota came to Dixon with a record of not having been defeated this season and were the favorites until Dixon began playing a brand of football that kept the enthusiasm of the crowd at a high pitch from the start of the game until the final whistle blew.

Dixon showed marked improvement over their playing of a week ago and should they continue this brilliant playing on Thanksgiving at Sterling, they will undoubtedly come back to Dixon with the long end of the score.

Touchdown Early.

After the kick-off at the start of the game Dixon advanced the ball down the field on line bucks and end runs and Waggoner scored a touchdown in the first ten minutes of play and H. Jones kicked goal.

In the second period Dixon advanced the ball to within one foot of the goal line where they were held by a stone wall defense of the Mendota squad. Not to be denied the Dixon boys marched down the field again after Mendota had punted out of danger and with but a few yards to go W. Jones ploughed through center for the second touchdown. Ives failed to kick goal.

Mendota started the third quarter with a determination to overcome the lead of the Dixon boys and made steady gains that finally ended in a touchdown when Mendota completed a forward pass and raced across Dixon's goal for their only touchdown of the game. Potter scored the touchdown and Nieman kicked goal.

Many Passes Failed.

Throughout the game Mendota tried to forward pass but with exception of a few of their passes were completely failed, Waggoner proving a big factor in breaking them up.

In the fourth quarter Dixon started a whirlwind attack on the Mendota line and with brilliant end runs and rushes through the line they scored two more touchdowns, the first by H. Jones and the other by Haley with Ives kicking both goals.

1919 Death Rate in U. S. Lowest Yearly Record in History

By Associated Press Leased Wire

Washington, Nov. 15.—The 1919 death rate in continental United States embracing 81 per cent of the total population, was shown in statistics made public today by the census bureau, to be the lowest recorded for any one year. The rate of 12.9 per 1,000 of population, showed a decrease of 5.1 per cent per 1,000 from the unusually high rate of 1918 resulting from the epidemic of influenza. The total number of deaths in 1919 was 1,096,436 of which 110,579 or 10.2 per cent, were caused by heart disease while tuberculosis resulted in 106,985, or 9.8 per cent, the statistics showed. Deaths attributed to pneumonia totaled 105,218; influenza 84,113; nephritis and Brights disease 75,005, and cancer and other malignant tumors 68,551.

LEGION CAPTURED 7 TO 0 CONTEST WITH FAST ROCKFORD TEAM

Vaughan, Dixon's Speedy Fullback, Injured in Hard Fight.

On a snow covered and slippery field the Dixon American Legion sent down to defeat the highly touted Rockford "706" football team by a score of 7 to 0 at Brown's field Sunday afternoon before a good sized crowd that ignored the driving west wind and snow storm.

The 706 team proved a much stronger organization than the Rockford Wolverines, whom the Legion defeated Armistice day by a score of 20 to 0, the 706's giving the local team the hardest battle of the season.

Milton Vaughan, the Legion's speedy fullback was laid out on the fourth play of the game but would not retire from the contest and stuck gamely until early in the third quarter when he was compelled to withdraw on account of his weakened condition.

706 Played Rough.

Some of the 706 squad persisted in using unnecessary roughness and high tackling and after being warned twice, one of them was banished from the field for the remainder of the game.

The first and second periods proved to be putting contests for both sides, with a considerable advantage with the Legion. First one side and then the other would gain possession of the ball only to be held without even first down and forced to punt.

Scored in Third.

In the third period the Legion solved their opponent's defense and with end runs and attacks on the line, they advanced the ball within easy striking distance from where Hines hit the line for the only touchdown of the game, the ball being but a few inches over the goal line. Gorham kicked goal.

The game here again revolved itself into a punting contest until near the end of the fourth period when Hines intercepted a forward pass on the visitors 30 yard line and ran the ball back to the five yard line before being downed. A strong forward pass netted three yards, one yard was made through the line, but the Rockford team held on the next plays and it was their ball on their own one yard line. They tried to put out of danger, but a Legionite, who was offside rushed in and prevented the punt. This offense cost the Legion a five yard penalty and the visitors punted as the final whistle blew.

The Legion team played fine foot-

Baltimore's Hope for Big Time Ball Team is Dissipated

By Associated Press Leased Wire

Baltimore, Md., Nov. 15.—Baltimore's hope of, and enthusiasm for a major baseball league franchise has

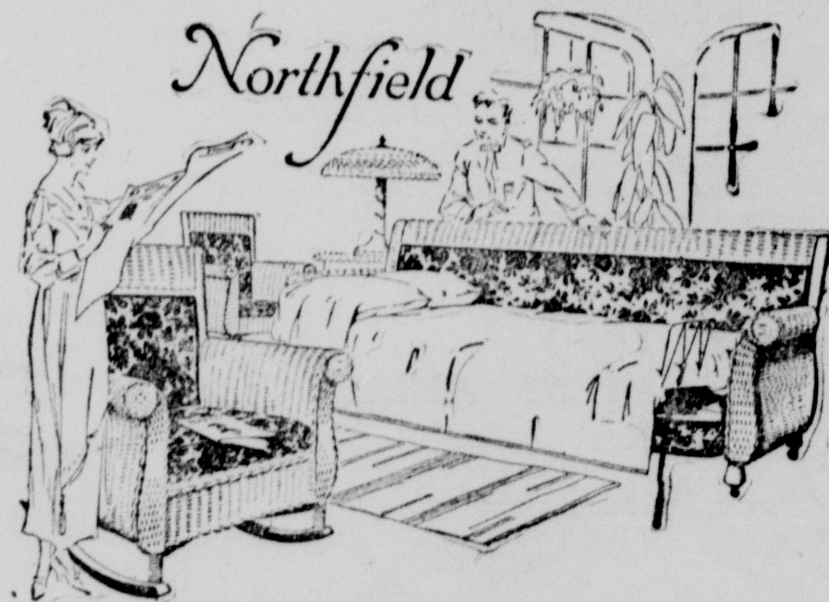

disappeared with the settlement of the trouble among the big league magnates.

There was rejoicing when the break came last week, local fans feeling that through it Baltimore had a chance of being restored to "big time" baseball, but with an amicable agreement reached, they are mournfully admitting today that there is no chance at present.

The Best Advice FOR MOTHERS

ELGIN, ILLS.—"I was weak, nervous and run-down after motherhood, and was advised to take the 'Favorite Prescription.' I took about five bottles while nursing my baby and he seemed to improve as much as I did. My appetite was normal once more and I was able to sleep at night, and became strong and well. I would never hesitate in recommending Doctor Pierce's Favorite Prescription to all young mothers who need just such a tonic for they will be benefited as I have been."—MRS. CARRIE HILL, 314 Dundee Ave.

Dr. Pierce's Favorite Prescription is a remedy that any young woman can safely take, because it is prepared from roots, does not contain alcohol or narcotics. All druggists send 10 cents for trial package of "Favorite Prescription Tablets." Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., or write for advice.

Pouch of Mail is Stolen from Locked Car on C. & N. W. Ry.

Milwaukee, Wis., Nov. 13.—A pouch of registered mail was stolen last night from a through mail car on train No. 111 of the Chicago and Northwestern railway somewhere between Chicago and Milwaukee. It was announced here today by officials of the road.

The pouch apparently was stolen by some one who had been locked inside the car before it left Chicago, according to J. S. Lawrence, special agent for the Chicago and Northwestern railroad. He said that the car had four doors, two of which were locked from the outside and two from the inside before the car left Chicago.

When the car arrived here, one of the doors that had been locked from the inside was found to be open. One pouch of registered mail was gone.

No information as to the contents of the pouch or its value was obtained.

Report U. S. and Japan Are Agreed

Tokio, Nov. 13.—(By Associated Press) Newspapers of this city report the Japanese and American governments have reached an agreement in principle relative to the exclusion of Japanese laborers from the United States. It is asserted however, that there is a disagreement regarding the methods to be employed.

America is understood to desire provisions for exclusion embodied in a treaty, but Japan, it is said regards this procedure humiliating and as forming a precedent she might be forced to follow in treaties negotiated in future. Japan is declared to consider that measures prohibiting her subjects immigrating can be taken only on her own initiative.

Gets 28 Eggs A Day Now, From 34 Hens C. C. White, Well-Known Breeder, Tells How. Costs Nothing to Try.

"I gave Don Sung to 34 utility Buff Orpingtons and the egg yield increased from 7 to 28 a day. Don Sung is a wonder and I am now giving it to all my hens regularly."—Chas. C. White, Mr. White is the well known breeder and exhibitor. He wrote the above letter in December, after his test had shown a gain of 21 eggs a day from 34 hens. We will make you the same offer we made him. Here it is: Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good deal more, we will refund your money. Don Sung (Chinese for egg-laying) is a scientific tonic and it is easily given in the feed. Improves the hen's health and makes her stronger and more active. It takes up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.

You can obtain Don Sung from your druggist or poultry remedy dealer, or send \$1.04 (includes war tax) for a package by mail. Bureau Dugger Co., 214 Columbia Bldg., Indianapolis, Ind.

Lancaster, Pa.—"I was weak and run down, had pains in my head, back and stomach all the time, and bearing down pains. I had used Lydia E. Pinkham's Vegetable Compound and it helped me, so my mother got me to try it again, and I am now feeling better than I have for years. We were married sixteen years and had no children, but now we have a fine big boy and we always call him our 'Pinkham' boy. The doctor was afraid of my case as I was 41 years old when the boy was born but I came through all right. You can use this as a testimonial if you wish and I will certainly write to any one who writes to me about it."—MRS. MARGARET G. HAVEMAN, 529 Howard Avenue, Lancaster, Pa.

Great Cordiality Shown Jugo-Slavs By Italian People

Santa Margherita, Italy, Nov. 13.—Great cordiality was shown by the Italian and Jugo-Slav peace delegations at dinner given by the Italians in honor of the Jugo-Slavs last night immediately after the signing of the treaty between the two countries adjusting the Adriatic difficulty. Toasts to the King of Italy and of Jugo-Slavia were exchanged by Premiers Giolitti and Voinitch.

Provision was made in the treaty that each country shall within two months from the time the treaty becomes operative, call a conference which will submit to the two governments proposals for promoting more cordial, economic and financial relations.

Flour Hits Lowest Mark in Four Years

Minneapolis, Minn., Nov. 13.—With a decline of 25 to 50 cents a barrel at the mills here today, flour followed the course of the wheat market yesterday by touching a new low price in four years. Today's range of prices were \$9.15 to \$9.50 a barrel for family patents and represents a reduction of \$1.95 to \$2.00 a barrel since the first of the month.

THIS WILL INTEREST STOMACH SUFFERERS

Says Indigestion comes from an excess of hydrochloric acid. A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, water-brash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.

A number of guests were entertained Sunday at the J. A. Gilbert home in honor of the birthday of their daughter Miss Ethel. Born of Mr. and Mrs. Hackbarth near Wauwong, on Nov. 1, a daughter. Revival meeting will begin at Penrose about the middle of November.

Mrs. Mary Ayres returned from her trip to Nebraska recently. Although well up in the '80s, she enjoyed the trip greatly.

East Jordan church tendered a reception to their pastor, Rev. M. B. Leach and family at the parsonage on Thursday evening. About 80 were present. A short program was rendered and the evening spent socially. Refreshments of ice cream and cake were served.

The East Jordan Missionary society met at the home of Mrs. Charles Schell for an all day meeting on Thursday. There was a good attendance.

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo. Furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy, and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Ross Co., Cleveland, O.

Crude Oil and the Automobile

IN 1918 (when there were 1,000,000 automobiles in the United States) oil producers drilled about 25,000 wells. The average paid for crude was 95c per barrel.

In 1914 producers had a little discouragement. The price for crude oil fell off to 81c average, and they drilled only 23,000 wells. These wells, however, proved exceptionally prolific and crude prices dropped to an average of 64c a barrel (40c in the Mid-Continent field). As a consequence of the over-production, the bottom dropped out of the gasoline market and low prices prevailed.

The low prices of crude made exploration of new fields unprofitable, and in 1915 only 14,000 wells were drilled. This halt in production enabled demand to creep up on supply, and caused crude to advance until it reached \$1.10 per barrel.

Encouraged by the better prices offered, producers put down 24,000 wells in 1916. The unprecedented demand aroused by the war caused petroleum prices to soar, and notwithstanding the activities in the producing field, prices have continued to advance because demand exceeded supply.

In August, 1920, the number of new oil wells brought in for that month alone was 3,513—the highest oil production mark in the history of the United States. Yet so great was demand that Mid-Continent crude stood firm at \$3.50, and Pennsylvania crude at \$3.10 per barrel, the present prevailing prices.

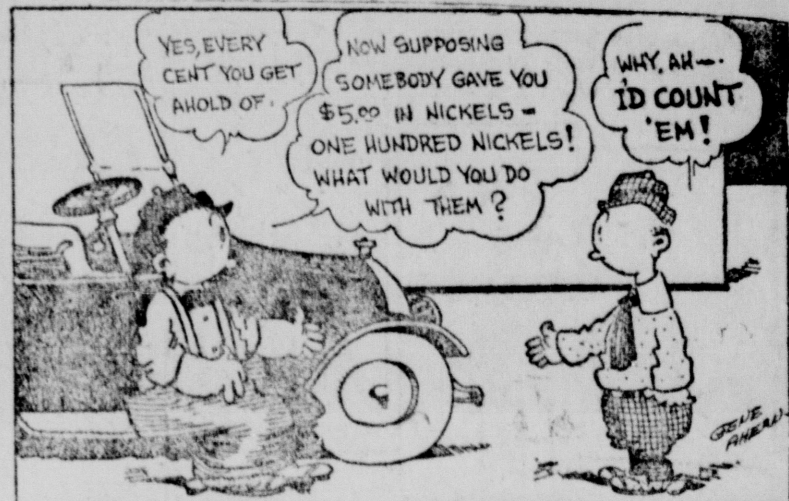

The market price for crude is not apt to go off appreciably while demand continues to increase as during 1920.

Since 1913 the number of motor vehicles in the United States has increased approximately 7,459,607, and the forecast for 1921 is 10 million motor vehicles in the United States.

The Standard Oil Company (Indiana) is straining every fibre and sinew of its highly specialized organization to increase the yield of gasoline from crude petroleum.

How well it is succeeding is indicated by the fact that an eminent authority states that the Burton process, originating in the laboratories of the Standard Oil Company (Indiana) has produced 40 million barrels of gasoline from heavy distillates, and has thus saved approximately 150 million barrels of crude oil that would otherwise have been necessary to produce an equivalent amount of gasoline.

DAN GILBERT'S HERD
BEST PRODUCERS FOR
OCTOBER TESTER SAYS

Beat Harry Gilbert's Cows
in Close Race Last
Month.

By G. E. Dickson, Tester

In a very close race this month among the leading herds of the Association, Dan K. Gilbert's herd of pure bred Holsteins climbed to the lead both for the production of butter fat and milk, making an average production per cow of 55.10 lbs. B. F. from 949 lbs. milk. This was closely followed by Harry Gilbert's herd of pure bred Brown Swiss in second place with an average of 34.68 lbs. B. F. from 922 lbs. milk, and by H. S. Brown's herd of grade Holsteins in third place with 34.11 lbs. B. F. from 916 lbs. milk.

Harry Gilbert had high cow of the association for quantity of milk, Bella of Penna, a pure bred Brown Swiss in her sixth month of milk produced 1451 lbs. of milk testing 3.24%.

P. R. Overholser had high cow for the production of Butter Fat in Queen a grade Holstein which produced 59.34 lbs. B. F. from 1380 lbs. milk.

Following are the names of the five leading herds of the Association based upon their butter fat production:

The report shows, in order, the owner's name, breed, number of cows on test, number of cows in milk, average production of milk per day in pounds of butter fat per cow per day, average pounds of milk per cow per month, and average pounds of butter fat per cow per month:

Dan K. Gilbert PBH 13 6 30.6 lbs. 3.7% 1,122 lbs. 949 lbs. 55.10 lbs.

Harry Gilbert PBH 7 4 29.7 3.76% 1,119 lbs. 922 lbs. 54.68 lbs.

H. S. Brown GH 18 8 29.5 lbs. 3.72% 1,100 lbs. 915 lbs. 34.11 lbs.

G. M. Cassens G Sh 17 12 27.8 lbs. 3.63% 1,011 lbs. 862 lbs. 31.32 lbs.

Decker & Long 18 15 24.6 3.94 .971 lbs. 764 lbs. 30.14 lbs.

The daily ration of the leading herd consisted of pasture supplemented with 26 lbs. silage and a grain ration of 200 lbs. Gr. Oats, 200 lbs. Gr. Barley, 100 lbs. Oil Meal, and 100 lbs. Bran, fed in proportion 1 lb. grain to every 4 lbs. milk produced.

Leading Cows

During the month of October twenty-eight cows produced over 40 lbs. of butter fat, and following are the names of the seven highest cows of

TELEPHONE TALKS—No. 2.

Many patrons of The Home Telephone Company have expressed the desire to know just how they may do their part in providing improved telephone service. This series of "Telephone Talks" is the answer.

Always Use the Telephone Directory

Many times, every day, telephone patrons call the wrong number. This is bad for everybody. If you've been called out of bed at 4 o'clock in the morning by "wrong number" you've been madder than a hornet and you blamed "Central" for it. And the one who tried to call the party got mad, too, because there was a delay.

HERE'S A SAFE RULE FOR EVERYBODY. Consult the telephone book. Don't rely on your memory. You may remember a number perfectly—but it may be someone else's number, and not the one you want. No doubt "Central" makes mistakes. Voices vary in distinctness over the 'phone and the operator is human, after all. It is only when you do your best to call for the right number, and speak it distinctly, that you've done your part. It is then up to the operator.
